

SkillsBuild Reignite

Even amid these fast-changing times, there are opportunities to adapt and grow.

Begin the next chapter in your career or business through learning, experience, and community.

Free resources at your fingertips!

A rich selection of **free and open content**, from IBM and partners

Curated in learning channels, addressing the specific needs of job seekers and business owners in the current context

Leading to selected SkillsBuild **digital badges**

Live events, workshops and coaching delivered by IBM and partner Subject Matter Experts

Job seekers & anyone looking for new skills

- Explore growing IT fields, such as cybersecurity, AI and Blockchain
- Learn how digital teams apply new ways of working, such as agile methods and Design Thinking
- Gain professional and job search skills
- Interested in new collar careers? Get connected to the wider SkillsBuild program for deeper reskilling and job readiness support

Business owners & entrepreneurs

- Learn more about business, financial and legal strategies
- Gain skills in digital transformation, such as social media and e-commerce
- Explore new ways of working and managing teams in a remote environment
- Browse selected links to government and industry websites

SkillsBuild Reignite is available in English, French and German. More languages will be added as we deploy in additional countries.
